

MICHIGAN DEPARTMENT OF HUMAN SERVICES

Percentage of Michigan Children Enrolled In Medicaid

Children: Ages <1 - 17 Years-of-age (June 1998 - June 2007)

% Med. Children	22.4%	22.1%	21.9%	23.7%	25.8%	28.2%	29.5%	31.0%	33.1%	34.1%
# Med. Children	578,859	572,866	568,599	611,921	663,367	719,547	746,254	777,724	819,278	845,307
Tot. Pop. 0 -17	2,586,343	2,591,945	2,595,821	2,587,222	2,573,013	2,552,161	2,533,054	2,509,307	2,478,356	2,478,356

Note 1: As a proportion of all children (0-17), the percentage currently enrolled in Medicaid is 34.1%, an all-time record.

The most recent child Medicaid count is a bit lower at 827,163 (December 2007). That total is proj. to increase through FY09.

Note 2: The small percentage dip in enrollments (2000-2002) mirrors the period when child AFDC/FIP recipients were at their lowest counts since the early 1970's.

Age data for 2007 will be available June 2008. Child population totals presented for 2007 are proxy counts of 2006 totals.
